An ode to Romance

Cocooned by secluded sands, calm waters and lush tropical gardens, La Veranda Resort Phú Quốc, a member of the MGallery Collection, transports you to a timeless age of romance. To a time when the world was more mysterious, full of private sanctuaries to slip away and find solitude – and share it with someone special.

Imbued with the grandeur of a French colonial mansion, La Veranda allows you to find magical moments in time that transcend the ordinary – from enchanting beach sunsets to candlelit garden dinners; from perfect weddings to intimate island escapes.

In this atmosphere of stylish seclusion, you find time to discover, time to share, to live, to love. To create moments of romance etched forever into memory.

Intimate Ceremonies

Thoughtfully curated wedding concepts inspired by romance, heritage, and island elegance.

At La Veranda Resort Phu Quoc, intimate celebrations are designed to reflect each couple's unique story. Set among tropical gardens, secluded beachfront spaces, and the timeless charm of French colonial elegance, every ceremony is curated to feel personal, effortless, and memorable.

Vietnamese Ceremony

Your perfect day is infused with a splash of local colour; a meeting of traditions to complement a joining of souls. La Veranda's beachside garden is painted in a dazzling display of traditional red – you're told it brings luck to the newlywed couple, though it's the blessing from a local monk that makes you feel truly confident. Walking down the aisle in front of up to 30 of your closest loved ones, the sparkling sea forms the backdrop to an unforgettable day.
